## **DETAILED ACTION**

### ***Election/Restrictions***

1. Applicant has amended claim 45 to now be directed to a species that is distinct from the species originally claimed for by claiming the metallic ligating member coupled with the bracket body, and deleting the subject matter of the insert.
2. Since applicant has received an action on the merits for the originally presented invention and species, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, now claims 45-48 and new claims 49-60 dependent upon claim 45 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

### ***Allowable Subject Matter***

3. Claims 28-44 are allowed.

### ***Response to Arguments***

4. Applicant's arguments with respect to claim have been considered but are moot in view of the withdrawal of claims.

### ***Conclusion***

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period

Art Unit: 3732

will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
